

DEMAND YOUR
UNIVERSAL
RIGHT TO REPAIR

RIGHT TO

REPAIR

RIGHT TO REPAIR CAMPAIGN

WHAT WE WANT?

Products to last longer and be repaired when broken to tackle the environmental impacts that come with making products and electronic waste.

Policy makers to make products more repairable, give access to spare parts and repair manuals, give fair access to repair and inform consumers on the durability and repairability of the product.

JOIN THE CAMPAIGN!

If you are an individual, an activist, a civil society organisation, an academic or public institution or a business committed to a universal Right to Repair and based in Europe, please, reach out, we'd love to hear from you!
